CHARLES
UNIVERSITY

invite you to join the GSPORT LEAGUE OF UNIVERSITIES 2023/2024!

Dear Sir / Madam,

We are pleased to inform you about a unique project that combines the world of gaming (online games) and physical sport - GSPORT. We would also like to invite you to become part of the GSPORT League 2024, which will start on 15 October 2023. This new and exciting league offers students a unique opportunity to improve their physical fitness and measure their strength against other students from all over the world.

Here are four reasons why your university should join the GSPORT League 2024:

INNOVATION: the GSPORT League is a pioneering project that combines gaming and sport. Your participation will demonstrate that your institution supports innovation and is at the forefront of new trends in sport and technology.

COMMUNITY: the league offers the opportunity to create a strong community of students interested in sports and games. This community can foster a sense of belonging among students and expand social networks on your campus.

SKILLS DEVELOPMENT: Participating in the league allows students to develop a range of skills, including teamwork, strategic thinking and, of course, physical fitness.

FUN: Last but certainly not least, the GSPORT league is fun! It offers a new way for students to enjoy the best of both worlds - gaming and sport.

You can see how the first year finals went [HERE](#).

We'd be delighted if you could take the time to suggest dates for possible online meeting, so we can introduce you to the GSPORT League 2024. Thank you.

If you already know you want to be part
of the GSPORT League
